All of our **Speech - Language Pathologists** have master's degrees in Communications Disorders and are certified by The American Speech-Language-Hearing Association (ASHA) and have acquired the Certificate of Clinical Competence in Speech-Language Pathology (CCC-SLP.) Plus, they are licensed in both NC and SC by The Board of Examiners for Speech and Language Pathologists and Audiologists.

Our **Speech - Language Pathologist Assistants** have two-year degrees in Communication Disorders and are all registered with the NC Board of Examiners for Speech and Language Pathologists and Audiologists.

Along with our friendly **administrative assistants**, the entire Speech Solutions Staff will work together to ensure our clients receive the best therapy possible. Our ability to work with pediatric, adult and geriatric clients make Speech Solutions a unique provider of speech language pathology.
